

All Hazards Consortium

Providing Sustainable Staffing Services

A Trusted Partner – A History of Government Service

The All Hazards Consortium (AHC) is a 501c3 non-profit organization founded in 2005. The AHC was established to address complex operational challenges for public and private sector organizations and to serve as an **Accelerator to manage and restore operations**. The AHC has established, with 15,000+ public and private sector partners, an **Operational Trust Framework** that facilitates and supports integrated government planning and information sharing to prepare for, respond to, and recover from local and regional disasters.

The AHC Staffing Resource Program

The AHC provides an innovative **Staffing Resource Program** to give government a way to onboard subject matter expert and staff augmentation resources in as little as 48-72 hours, meeting procurement regulations.

Contractor Accelerator

The AHC shortens the time it takes to find and onboard third-party resources to within 10 business days of request and **at a low cost**.

Testimonial:

"The AHC has leveraged a broad network of talent to support our agency's need for specific positions. Through nimble organizational process and extremely competitive administration costs, the AHC provides outstanding customer service, quickly connects us with high caliber talent and ensures we are maximizing our resources to the greatest potential."

– Brian Baker, Dep. Director, D.C. HSEMA
