FIND PPE FASTER AND SAFER U.S. Inventory Only from Vetted Suppliers

What is it?

The National Vetted PPE Exchange gives you access to a secure nationwide marketplace to find scarce PPE resources within minutes, not days.

Why Do I Need It?

No more wasted staff time and endless internet searches without getting what you need. Current users report that it reduces their internal labor costs by up to 80%.

How Does It Work?

Simply post a request for exactly the PPE you need, and the service alerts over 6,500 vetted suppliers who have PPE inventories in the United States available to ship. Interested suppliers respond to your request and you select the best supplier for your needs.

Who Manages the National Vetted PPE Exchange?

The All Hazards Consortium (AHC) is a 501(c)(3) organization that has been working with government and industry for over 15 years to solve operational issues during disasters and operates the trusted legal framework that operates this service.
