

# Business Access and Re-Entry Workshop

---

PT 1, FRIDAY MARCH 1 @ 1PM ET

PT 2, FRIDAY MARCH 8 @ 1PM ET

# AGENDA – PART 1 (Friday 3/1/2024, 1PM ET)

---

1. Welcome
2. Background – ENDEAVOR – VA Working Group
3. The Use Case Development Process
4. Step 1 – Define the Problem (perspectives from industry and local government)
5. Step 2 – Discuss the Impacts (perspectives from industry and local government)
6. Conclusion

# AGENDA – PART 2 (Friday 3/8/2024, 1PM ET)

---

1. Welcome
2. The Use Case Development Process (Quick Review)
3. Step 3 – Define the People Involved
4. Step 4 – Discuss the Information Needed
5. Step 5 – Define the Information Sensitivity Levels
6. Step 6 – Discuss possible solutions
7. Conclusion

# Welcome

---

1. Opening Remarks – Paul Miller, Co-Chair ENDEVOR-VA Work Group, Verizon

# Background – ENDEAVOR-VA Working Group

1. Formed 7/2023
2. Established Governance: Charter, Chair/Co-Chair, Work Plan
3. Focus: Use Case Development to Solving Operational Problems: Information Sharing Transportation, Emergency Response
4. Resources Developed:
  1. Registration site created to join – [ENDEAVORVA.org](https://ENDEAVORVA.org)
  2. Quick Links Dashboard for ENDEAVOR VA work group
  3. Access granted to SISE-net Operational Information Sharing Hub (Regional/National) for situational awareness

Welcome to ENDEAVOR - Virginia (VA)  
**Virtual Use Case Workshop – Business Access and Re-Entry After Disasters**  
 March 1 & 8 at 1:00pm ET on ZOOM  
 (See details below)

## MAKING VIRGINIA MORE RESILIENT

A Private Sector Guided Model for Sustained Operational Public/Private Partnerships to Jointly Solve Problems with State/Local Emergency Management

**The ENDEAVOR Model**  
 A national for government to help their private sector partners to improve business, emergency response, and recovery capabilities through information sharing and joint problem-solving.

**SISE-net Initiative**  
 A private sector guided model for sustained operational public/private partnerships to jointly solve problems with state/local emergency management.

**SISE-net Operational Updates**  
 Get the latest situational awareness on the topics below. This information is provided by the SISE-net community of trusted stakeholders from industry and state/local government.

**Most Recent Updates**

# ENDEAVOR VA Dashboard

## 1. Useful links to hard-to-find information

URL: <https://goendeavor.org/va-free-dashboard>

**ENDEAVOR-VA Information Dashboard**  
Aggregated Information Resources During Storms & Disasters

- Report Road Issues (VDOT)
- Virginia Alerts
- Transportation Datasets
- Airport Status
- VA's Power Outages
- Passenger Rail Status
- Road Conditions
- VA Fuel Prices
- Ports Status
- Virginia Weather
- Regional Information

**Use Case Workshops and Training Videos**

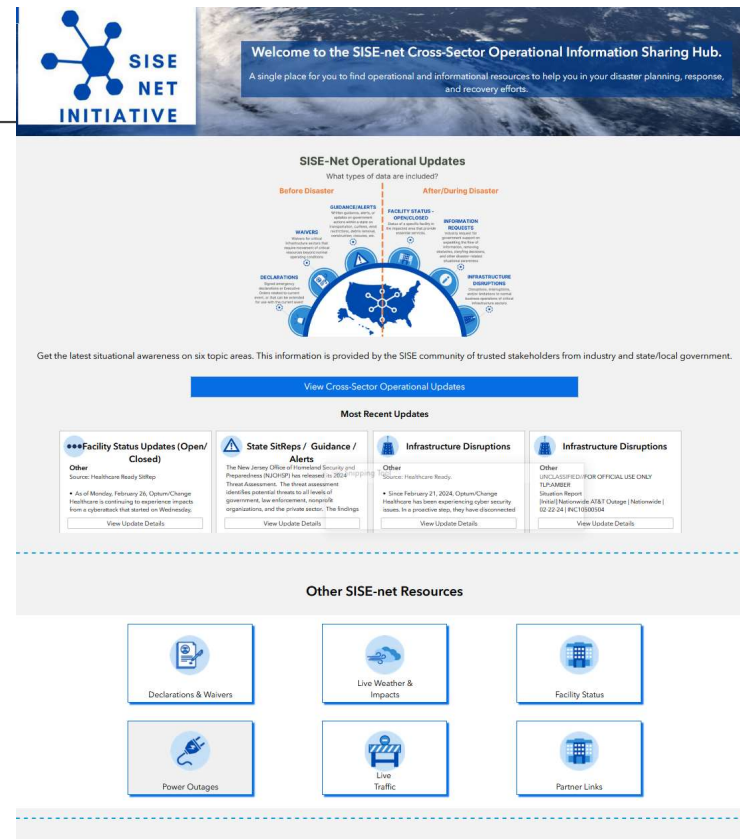

- Virginia Transportation Situational Awareness
- Virginia Business Access / Re-Entry Use Case (Part 1)
- Virginia Business Access / Re-Entry Use Case (Part 2)
- Virginia Emergency Information Sharing Use Case

ENDEAVOR All Hazards Consortium

# Access to SISE-net Hub

1. A Single Place for Cross-Sector Situational Awareness During Disasters or Crisis
2. Operated by private sector, Registration Required (No Cost)
3. Regional / National Coverage
4. Declarations, Waivers, SitReps, Alerts, Guidance, Open/Closed Status, Infrastructure Disruptions, Live Traffic, Live Power Outages, Operational Directory, etc....

[www.siseusa.org](http://www.siseusa.org)

**SISE NET INITIATIVE**

Welcome to the SISE-net Cross-Sector Operational Information Sharing Hub.  
A single place for you to find operational and informational resources to help you in your disaster planning, response, and recovery efforts.

**SISE-Net Operational Updates**  
What types of data are included?

**Before Disaster**

- GUIDANCE/ALERTS**: Alerts, advisories, and guidance issued to help organizations prepare for and respond to a disaster.
- WAIVERS**: Requests for operational flexibility or exemptions from standard procedures.
- DECLARATIONS**: Official statements of emergency or disaster.

**After/During Disaster**

- FACILITY STATUS: OPEN/CLOSED**: Real-time status of critical infrastructure and facilities.
- INFORMATION REQUESTS**: Requests for specific information or resources.
- INFRASTRUCTURE DISRUPTIONS**: Reports of power outages, communication failures, and other infrastructure issues.

Get the latest situational awareness on six topic areas. This information is provided by the SISE community of trusted stakeholders from industry and state/local government.

# The Use Case Development Process

1. Purpose
2. Outputs
3. Examples

# Examples of Use Case Results

Use Case Name	Lead Group	Status	Solutions
Supply Chain Disruption “Early Warning Signs”	State Liaison WG	In process	April 22-23
TEAMS Integration w/SISE-net Hub	SISE-net WG	In process	Testing Prototype model
National PPE Exchange	SISE WG	Completed 2020	In-active, PPE exchange for vetted buyers and sellers of PPE
Coordinated Disaster Response	SISE WG	Completed 2021	Annual SISE-net Cross-Sector TTX
Commercial Route Assistance (CRA) App	SISE and State Liaison WGs	Completed 2020	In-active, assisted commercial drivers during COVID navigated thru states with ever changing restrictions, <a href="https://cra.inl.gov/">https://cra.inl.gov/</a>
Sync'd Cross-Sector Information Sharing	Fleet Response, SISE, SISE-net, and State Liaison WGs	Completed 2023	SISE-net Operational Information Sharing Hub Operational Fall 2023

# Step 1 – Define the Problem

---

1. Perspectives from industry and local government
2. Discussion

## QUESTIONS for Government:

1. Why is restriction of access needed?
2. Who has authority for access restrictions?
3. What types of incidents/issues require restricted access?

## QUESTIONS for Government:

1. What are the problems for industry with restriction of access?
2. Can you provide some examples

# Step 2 – Discuss the Impacts

---

## 1. Perspectives from industry and local government

### QUESTIONS for Government:

1. What happens during restriction?
2. What happens if access is not restricted?
3. What are the impacts on locals when areas are restricted?

### QUESTIONS for Industry:

1. What are the impacts on your business during restricted access?
2. What cascading impacts occur during longer delays?

# Conclusion

---

1. Wrap up
2. Next Session – Friday March 8, 2024, at 1:00pm EM
