

# FIND PPE FASTER AND SAFER

## U.S. Inventory Only from Vetted Suppliers

### What is it?

The National Vetted PPE Exchange gives you access to a secure nationwide marketplace to find scarce PPE resources within minutes, not days.

### Why Do I Need It?

No more wasted staff time and endless internet searches without getting what you need. Current users report that it reduces their internal labor costs by up to 80%.

### How Does It Work?

Simply post a request for exactly the PPE you need, and the service alerts over 6,500 vetted suppliers who have PPE inventories in the United States available to ship. Interested suppliers respond to your request and you select the best supplier for your needs.

### Who Manages the National Vetted PPE Exchange?

The All Hazards Consortium (AHC) is a 501(c)(3) organization that has been working with government and industry for over 15 years to solve operational issues during disasters and operates the trusted legal framework that operates this service.

**First 2 Requests are Only \$10!**

*(Pilot offer ends September 30, 2020)*

Try it TODAY at [www.ppenearme.org](http://www.ppenearme.org)

### PERFECT FOR:

- Institutional Buyers
- Healthcare Systems
- Operations Executives
- Safety Officers
- Purchasing Departments

# Your first two requests are ONLY \$10!

*(Offer ends September 30, 2020)*

## Quick Start Your PPE Sourcing in Minutes!

### OPERATIONAL BENEFITS

**FAST:** This new digital high-speed sourcing model **connects PPE buyers/suppliers in near real-time** to find PPE inventories. It is currently the fastest, most secure PPE sourcing service available today!

**REDUCES STAFF TIME:** No more PPE researching or cold calling suppliers by your staff. Let this service do it for you and it can **reduce your internal labor costs by up to 80%**

**SAFE:** Reduces your operational and financial risk via use of a more trusted, vetted, and managed framework.

**SECURE:** All suppliers vetted multiple ways to ensure ongoing trust.

**LOW COST:** Uses an inexpensive, token-based pay-per-use process to keep your sourcing costs low while reducing your staff labor costs for research/sourcing by up to 80%.

**First 2 Requests are Only \$10!**

*(Pilot offer ends September 30, 2020)*
