MINUTES

WHEN RANSOMWARE HITS, EVERY DECISION MATTERS.

Ransomware is more than an IT problem. It impacts your entire organization. Join leaders from across sectors for a practical, behind-the-scenes look at the key considerations and decisions before, during, and after an attack.

BEFORE
PREPARE

- What should leadership have in place?
- Who needs to be involved—and when?
- What role does insurance play before an attack?
- What decisions can be made in advance?

DURING
RESPOND

- What happens when systems go down?
- How do legal, financial, insurance, operations, and law enforcement considerations intersect?
- What information does leadership need to make critical decisions?
- What role does insurance play during an attack?

AFTER
RECOVER & LEARN

- What happens after systems are restored?
- What legal, financial, insurance, and reporting issues remain?
- How can lessons learned strengthen future preparedness?
- What role does insurance play after an attack?

AN INTERACTIVE, EXECUTIVE-FOCUSED CONVERSATION

Designed for executives and management leaders, this workshop is interactive and discussion-driven, not overly technical. Share perspectives, ask questions, and learn from cross-sector peers.

A BEHIND-THE-SCENES CROSS-SECTOR CONVERSATION

CYBERSECURITY | LAW ENFORCEMENT (FEDERAL & LOCAL) | LEGAL RESPONSE | FINANCIAL DECISION-MAKING | OPERATIONS | INSURANCE PERSPECTIVE | EMERGENCY MANAGEMENT

TAKE SOMETHING HOME

All participants will receive practical **RANSOMWARE PREPAREDNESS CHECKLISTS** developed for:

- C-LEVEL EXECUTIVE LEADERSHIP
- GENERAL COUNSEL / LEGAL LEADERSHIP
- FINANCIAL LEADERSHIP
- RANSOMWARE THREAT & PERPETRATOR RESEARCH
